Group Meeting 12
for Lessons 31-34
Marriage

Looking back (last week):

- ❧ What are your main "takeaways" from this last week?

- ❧ Go over the completed Quiz **or** give it as an open-book test

- ❧ Have everyone report on reading the selected passage 6 times a day for the second week.

- ❧ Have everyone report on the five tellings of the story they learned last week.

- ❧ Ask if anyone has been watching the "story of the day."

- ❧ Ask for reports from those who interviewed couples with a strong and loving marriage relationship. In what way do these couples express their love and commitment? (Activity on page 139)

- ❧ To illustrate that "love is a commitment to a lifetime of *actions,*" have each married person tell some things their spouse does that communicates love to them? (Activity on page 139)

- ❧ Ask the group, "What are the results of being faithful to your spouse? Report on your list of the delightful benefits of faithfulness." (Activity on page 142)

Looking forward (next week):

- ❧ Have everyone continue reading the selected passage 6 times a day. They can look up from the text as much as needed. They are not to struggle with the passage. The same chart is provided on the next page.

- ❧ Once the Scripture is totally in their minds, they should continue reciting it the same number of times a day. They will do this for a total of two weeks.
